CBC and AM800 so far. But also residents. I need to point them to an official City statement please. This would help.

Mayor is doing wall to wall media right now.
All the locals are covered plus national and US media.
What media are calling you – please feel free to direct them to me.

Will there be a statement released by the Mayor that we can share? I am getting more and more calls and emails from residents and media as the day progresses. Please let me know -- thanks.

Just send him our way, please.

Best to not even give any comment.

Appreciate this is your backyard, but OPP was super clear on "speaking with one voice".

It's been a morning.

Thanks Andrew. I received a call from Peter Duck this AM at CBC Radio. I intend to send him the following text:

"I am working with Police regarding the idling of vehicles in our residential neighbourhoods just west of Huron Church. With respect to other matters regarding the protest and blockade, I will defer to our Mayor who will have comments in the coming hours and days."

Let me know if that works -- thanks.

Subject: Media Today

Good Morning:

Quick note during the start of a busy morning....

Due to the fluid and delicate situation with respect to the Ambassador Bridge, asking that members of Council refrain from entertaining media requests on this topic = request from provincial emergency response taskforce.

Mayor is getting briefed for appropriate key messages that focus on de-escalation as well and will be doing local, national and international (US) media today, as appropriate.

As a learning from Ottawa, City Councillors are asked to please be judicious regarding social media as well, as all remarks from elected officials are being used against police.

As more information develops, will share details/updates with Council.

Take care & please be safe.
